NEW CAMPAIGN STARTS AT DEM. VICTORY MEET

Congressman John McGrath Suggested As Candidate For Governor In 1938

Groundwork for a Democratic gubernatorial campaign in 1938 was laid at the victory dinner meeting held, Saturday evening of last week, in San Mateo. Congressman John J. McGrath was suggested as a possible candidate.

Allen J. Ward, Burlingame city councilman, proposed McGrath's name for governor after reviewing his progressive terms in Congress and extending congratulations on the overwhelming victory in November.

In a short, serious speech, McGrath indicated that he would make no effort to seek the governor's chair. He discussed plans for the seventy-fifth and the seventy-sixth Congresses, "of which," he stated, "I hope to be a part."

In his talk McGrath praised his "chief," President Roosevelt, and declared that the President will lead all American people toward social betterment.

PROMISES SUPPORT

As to the governorship, McGrath stated that he believed the next chief executive of the state "will come from the south," but that whatever Democrat is nominated "I will have my coat off and help to put him in Sacramento, where he will stay for many years to come."

Other speakers pointed out the necessity for early consideration of the coming state campaign so that a Democrat may succeed Governor Merriam in the post.

Democrat Electors Formally Cast Vote

The states official vote was formally cast, this week at Sacramento, for Franklin Delano Roosevelt.

For the seventh consecutive time Secretary of State Frank C. Jordon convened the session of the electors to cast the 22 votes alloted to California.

EARLY PUBLICATION

Publication date of the Daly City Record, next week, will be stepped up to Thursday. Advanced mailing schedules assures delivery to readers before Christmas.

FEDERAL MUSIC IS EXCEPTIONAL

Extraordinary Effects In Music Project, "Take Your Choice"

Extrordinary musical effects such as the simulation of telephone and steam shovels have been achieved by Ernst Bacon and Raisch Stoll, co-authors, with Phil Mathias of "Take Your Choice," closing tomorrow evening at the Columbia Theater.

The Federal Music Project revue uses first string players from the project's symphony orchestra plus ten masters of swing music trained by Raisch Stoll himself.

It was one of the trombonists in the dance band who discovered that by reversing his mouthpiece he was able to give the desired "whoosh" effect of a steam shovel. And the symphony drummer created a two key typewriter out of a bell, and steel hitting on wood, which, accompanied by a trill on glockenspiel, violins and piccolo, combined to make the "phone music" which opens the show.

"Take Your Choice" offers a final Saturday matinee at 2:30 p. m.

DRIVER EXPIRES AND AUTO GOES OUT OF CONTROL

Machine Leaves Highway And Slides Down Hill—Passengers Unhurt

With a dead man at the wheel, an automobile containing two other passengers Monday afternoon plunged through a fence on Skyline boulevard near Colma, careened 400 feet down a steep incline and came to rest in a cabbage field without seriously injuring the living occupants.

An autopsy revealed that the driver, William Jensen, 40, of 137 Poplar avenue, San Bruno, died of a heart attack shortly before his car went out of control.

With Jensen in the car were his wife, Mrs. Anna Jensen, and her father, who suffered only minor bruises.

Funeral services were held from the Lasswell Mortuary in this city, Tuesday of this week.

COUNCIL GIVEN CURB PETITION

County Line Resident Ask For Sidewalk And Curb Improvements On Mission Street

Residents in the vicinity of Liebig, Huron and Mission streets and Templton avenue presented a petition, bearing 126 signatures, at the council meeting, Monday evening of this week, requesting sidewalk and curb improvements on the west side of Mission street near the San Francisco county line.

The sidewalk for the distance of half a block is four feet or less in width. Poles and other obstructions make it impassable to baby carriages and inconvenience pedestrian traffic.

Specific requests of the petition call for moving back buildings, which now jut to within four feet of the curb, and widening of the sidewalk area.

CONTROVERSY ARISES

The petition gave rise to considerable controversy over the unsatisfactory completion of curbing on the west side of Mission street from the

FESTOONS OF COLORED LIGHTS TO SPREAD CHRISTMAS CHEER OVER CITY BUSINESS DISTRICT

Sixty-four Local Business Men Contribute Nearly $300 For Xmas Lighting Project

Led by an initial move of the Daly City Merchants Association in appointing a Christmas street lighting committee, local business men supported the project and contributed nearly $300 to light up the business district.

Installation of 21 festoons of colored lights was started, Wednesday of this week. Spaced regularly, the festoons will illuminate both sides of Mission from Wilson street to Knowles avenue. The interesction of San Jose avenue is also decorated.

INNOVATION

Tomorrow evening a switch will be thrown and the warm glow of Christmas lights will flash in the Daly City business district for the first time. From 5 to 10 o'clock each evening for two weeks the festoons will be turned on.

The lighting committee, headed by Tony Milo, contacted every business firm in the proposed lighting district to solicit contributions. Milo reported that enthusiastic support came from all quarters.

Next week The Record will publish a complete list of the contributors.

VETS RECEIVE XMAS PRESENTS FROM DONORS

Livermore Hospital Patients Aided By Contributions From Citizens

When Santa Claus visits the United States Government Hospital at Livermore to present gifts to the 300 veterans who are patients there, he will shake hands with a real Santa Claus veteran, 71 year old Daniel M. "Pop" Carr. "Pop," a Spanish American War veteran and one time newspaperman, is the living personification of white-whiskered Santa Claus. He has shoulder length silvery hair, a cloudy white beard and long white mustashes. He was located in one of the wards when members of the Livermore Hospital's Christmas committee made a last interview of patients recently to determine their Christmas gift desires. He will help Ernest Vehrs, impersonating Santa, to distribute gifts next week to the veterans.

Next Sunday morning a troop of men and women will descend on the hospital armed with holly wreaths, Christmas trees, tinsel ornaments and other decorations to transform the white walled hospital corridors, rooms and wards with Christmas finery. A few days later the patients will be visited by the committee bearing gifts personally selected for each individual veteran's Santa Claus wish. The same evening and afternoon talented stage and radio stars will arrive at the hospital to present a big vaudeville show in the auditorium and in the wards. The Yuletide week will be climaxed on Christmas Day with an old fashioned dinner.

The annual distribution of gifts and Christmas program is made possible every year by contributions received by the Christmas committee at 121 East Eleventh street, Oakland, from veteran, patriotic, service and fraternal organizations in the state.

Honor Birthday Of Burbank With Conservation Week

Program Planned To Increase Effort To Preserve Natural Resources

California Conservation Week will be celebrated March 7 (Luther Burbank's birthday) to 14 for the years 1937, 1938 and 1939, according to plans perfected today by the Conservation Week Committee meeting in the office of the United States Forest Service, San Francisco. Nine state and federal bureaus and departments and eight statewide conservation organizations were urged by the chairman, Miss Pearl Chase of Santa Barbara, to increase effort to preserve the great natural resources of California and to broaden

D. C. COUNCIL TAKES DEFINITE STEP TO ACQUIRE PROPERTY FOR PROPOSED CITY HALL SITE

Option For One Year Taken On Purchase Of Corner Lot At Irvington Street And Wellington Avenue

By securing an option to buy the corner lot at Wellington avenue and Irvington street from Mrs. Ethel Woodhouse the Daly City Council drove its first staple in a large civic improvement program.

The corner lot in conjunction with adjoining city property is proposed as a site for the new city hall, a 60x60 foot reinforced concrete structure.

If the building plan is carried out, the old city hall will be razed. Specifications for the new structure call for almost twice as much office space, a large auditorium with 150 stationary seats, a fire proof jail and many other modern public conveniences.

THE LIBRARY

Officials report that satisfactory prograss is being made to include a new library in the building plan. Site for the library, a 60x25 structure with a 24x23 section in the rear, will be on the city lots on Wellington avenue east of the Catholic Church.

Architeetural sketches show the city hall and library exteriors to be conservatively modernistic. Dignified lines and angles will lend a stately air to the civic center. Both buildings will be stuccoed.

NEW SYSTEMS

Plans to extend the city water and fire alarm systems into the recently annexed Colma district are being made along with the building program. Parks and playgrounds are also to be developed.

PREVENTORIUM TO AID CHILDREN OF THIS COUNTY

Contributions Will Be Received To Aid Fund For Maintenance Until New Year

Although Christmas Day will mark one month's campaigning by the San Mateo Preventorium for funds to carry on its health program for children of the needy, the drive will not officially close until January 1, it was announced today.

The drive has met with good response throughout the county, it is said, but, organization leaders are anxious to make certain that the new year will be started with the necessary $12,000 to carry on a year's work of tuberculosis prevention among peninsula children.

"The Preventorium does not cure tuberculosis," said Mrs. Harry S. Dana, president of the institution, "but it seeks to prevent its spread among undernourished children of poor families in San Mateo County who might fall easy victims to the disease.

"Our yearly program calls for supplying these children with good health building foods and offering

TANFORAN ATTRACTS HORSES FROM CHILE

By J. W. MARCHBANK

Jorge Walton, well known owner, of Santiago, Chile, is planning to send up a few horses to the spring meeting at Tanforan. His intention is right in line with ideas I have been advancing for some time—that we should have, not only thoroughbreds bred in this country, but in Australia, South American nations and other parts of the world for our sport—to make it all the more interesting.

As far back as the nineties when Ormonde was in the Argentine sportsmen below the equator have been manifesting a disposition to acquire the best of blood. When the adverse legislation of a quarter of a century ago almost put the game permanently out of business in the United States hundreds of horses were shipped from our shores, some of the expatriated ones to the Argentine and its neighbor, Chile. It would not surprise me if the Walton runners have a strain or two of the blood made famous at Rancho del Paso in our own state.

The universality of racing is shown by the standing this year in England of the leading owners. Lord Astor, the Aga Khan and William Woodward. Some of Lord Astor's winners were bred in France, as were some of the bracket earners carrying the colors of the Aga Khan, and of the ten winners accredited to Mr. Woodward all but one were bred in the United States.

I venture to say fans will get a new thrill if the day ever comes with leading owners at Tanforan putting over horses reared in this state, yes, to a marked degree, but some that first saw the light of day in lands thousands of miles from California. My motto has always been and always will be:

Bring on your thoroughbreds from all countries and may the best horse win.

Insularity may do in some things, but I fail to see its place in the realm of sport.

I extend the most hearty welcome to the gallopers from South America.

SAN MATEO JUNIOR COLLEGE IN EXPANSION MOVE TO FORM A COUNTY WIDE INSTITUTION

Superintendent Of Junior College Places Before Supervisors Petitions To Annex H. S. Districts

For several years rumors of a proposal to expand the San Mateo Junior College to a county wide institution have been reported from several quarters. Monday of this week, Homer Martin, superintendent of the junior college district, presented petitions at the meeting of the Board of Supervisors, requesting the annexation of four high school districts in San Mateo County, including Jefferson and South San Francisco areas.

Action was taken by the board, and January 11 was set as the date for a public hearing of the proposed expansion. Ten o'clock and the county court house were designated as the time and place for the hearing.

Providing there are no protests submitted (such protests must be made in the form of petitions signed by 20 per cent of the registered voters in the protesting district) the four high school districts will be annexed and become a portion of the junior college district.

Advantages of the annexation, as pointed out by Homer Martin, are these: In all probability free transportation for junior college students will be provided throughout the county. Increased enrollment will bring improvements in the teaching staff and a more varied curriculum of study courses. The junior college board will be elected by county voters instead of by the San Mateo district, as is now the setup. The county will have available an oppor-

REGULAR MEET OF DISTRICT UNITS HEARS REPORTS

American Legion Auxiliary Bodies Complete Plans For Christmas Festivities

The regular meeting of District Twenty-six, American Legion Auxiliary, was held recently in the Legion Hall at Menlo Park. The constitution and by-laws of the new district were adopted and President Marcie Trier announced there would be an election of a second vice president at the next meeting.

Mrs. Jessie Zant, child welfare chairman, announced that in order to give the veterans in the hospital peace of mind regarding their families at home, the Auxiliary is conducting a family contact service through which the families are visited and their needs for a happy Christmas supplied. Special emphasis will be placed on this phase of the Auxiliary's Christmas work throughout the county this year. She stated that about 30 children of hospitalized or deceased veterans in the county would receive gifts through department funds.

Mrs. Dora Devol, past presidents parley chairman, is making arrange-

Frances Hopkins of Miriam street suffered a leg injury, Saturday of last week, while attending the birthday party of a little chum.

A marriage license was issued in San Francisco, this week, to Theodore Weldon, 26, of Daly City, and Genevieve Eckhardt, 25, 295 Nineteenth avenue.

Mr. and Mrs. R. P. Richardson of Acton street entertained as their dinner guests, last Sunday, Mrs. F. Sullivan and children of San Francisco, Mr. and Mrs. L. Wentworth and daughter Virginia of Berkeley and Mrs. T. Norton of San Luis Obispo.

Among those who filed notice of intention to wed in San Francisco, this week, were Bernice Wilson, 24, of Daly City, and Richard C. Watson, 22, of San Francisco.

Sanitary Garbage Disposal Is Urged

A call for co-operation on the part of coastside citizens with the San Mateo Board of Health in the matter of sanitary garbage disposal was sounded by Dr. Charles Gans, San Mateo County health officer, during a meeting of the Western San Mateo Progressive Association held at the Half Moon Bay Inn, Monday evening of this week.

Doctor Gans pointed out that many health menaces can be abated on the coastside and stated that he thought the association could do some good by advising citizens not to throw garbage into streams and along the beaches.

Ray Mori reported that action would soon be taken to place road signs along the state highway.

Bill Middleton, chairman of the cross country run committee, reported that the course had been examined and approved, but it would be two months before the organization would receive a complete report.

Paul Schiebley entered a plea that the secretary write to Congressman John J. McGrath to present a bill in the next session for a breakwater at Half Moon Bay. Schiebley stated that many fishermen were much in favor of closing in the bay. President William Large appointed Paul Schiebley, chairman; John Petroni, Jack O'Hara and John Middleton as a committee to promote the breakwater proposal.

Alvin Hatch, guest speaker, commended the club for its activities and stated that he will support the coastside at all times.

Judge Bettencourt said the Civic Union will advocate better roads for the coastside. He urged that all coastside organizations stand united on a better roads program.

Motion pictures on fire prevention were shown by Mike Hara, fireman. He asked the organization to boost fire prevention.

Fifty persons attended the meeting. The next dinner meeting of the organization will be held at Carlini's cafe on January 11.

Two Building Jobs Under Way In D. C.

Two large private building jobs are now under way in Daly City. J. L. Vasey and H. H. Smith are constructing 34 new apartments and making improvements at the Mission Auto Camp to the extent of $60,000. Dr. A. A. Shaghoian is building new offices and a residence at the corner of Mission street and Hillside boulevard.

Twelve of the new apartments at Mission Auto Camp are two room type and the remainder three room. Each is equipped with kitchenette and shower. Building sites for the new structures are along Hillside boulevard at the back of the camp and along Mission street north of the offices.

Approximately five months will be required to finish the work.

MODERNISTIC STRUCTURE

Doctor Shaghoian's new offices are to be housed in a modernistic three story structure. Glass block windowing, a pent house and roof garden are three of the many unique features.

Space is provided on the first floor for a store and main entrance which will lead to second floor offices and residential quarters.

Charles Uomini designed the structure. An average of five men will be employed in construction till completion, which is scheduled for March 15.

New Son Arrives

Mr. and Mrs. Henry Blaylock of Eighteenth street, San Francisco, are being congratulated on the birth of a son, arriving Friday evening of last week at St. Luke's Hospital.

The young man, who will be called Robert Edward, is the grandson of Mr. E. Blaylock and nephew of Miss Hester Blaylock of Evergreen avenue.

Bossemeyer, National Park Service; Gordon H. True Jr., Division Fish and Game; Mrs. J. E. Butterfield, state park commissioner; George G. Mullaney, director of publications, San Francisco public schools; Robert M. Baughey, California State Department Natural Resources; C. R. Clar, State Division of Forestry; Oliver Kehrlein, Sierra Club; L. A. Barrett, chairman forest and recreation section, Commonwealth Club; Woodbridge Metcalf, extension forester, College of Agriculture, Berkeley; R. W. Ayres, United States Forest Service; Mrs. T. M. Potter, Garden Club of America; Mr. Kittredge, National Park Service; Mr. Tilton, director of planning.

The subjects for the eight days of Conservation Week will be:

March 7—"California Conservation Bird and Arbor Day," Luther Burbank's birthday. (Sermons, lectures in museums, etc., field trips).

March 8—"Forestry" School and Organization observance of Arbor Day. (Tree planting).

March 9—"Conservation of Wild Life." Birds, fish, game and shore life.

March 10—"Preservation of Native Plants." Trees, shrubs and wild flowers. "Outdoor Good Manners."

March 11—"Water and Soil Conservation." Fire prevention.

March 12—Conservation in parks and recreation areas and improvement of roadsides.

March 13—Conservation activities of federal, state and county agencies. Demonstrations and field trips to nearby areas.

March 14—The importance of conservation to our community.

Brother Of Local Man Dies In East

Cliff Pettigrew of Hillcrest drive, has received the sad news of the death of his brother, William, who passed away Saturday, December 5, in Detroit, Mich.

The remains were shipped to Toronto, Canada, where they were interred on Wednesday of last week.

Mr. Pettigrew, who was a colonel in the Canadian army, Princess Pat regiment, was buried with full military honors. He served through the entire world war, being wounded and gassed eighteen times.

Louis Plansky of Daly City has opened a new electric store at 3382 Twenty-second street, San Francisco.

He carries, in addition to radios, all kinds of electrical household appliances.

ENTERTAINMENT FOR DELEGATES BY OLD GLORY

Hosts To Counties Council Members—Latter Body Elects Officers

Approximately 100 delegates, alternates and visitors, representing the nine posts and auxiliaries of the Veterans of Foreign Wars in the San Mateo-Santa Clara Counties Council area, were entertained by the Old Glory Post and Auxiliary No. 2044 in the Little Italy and Eagles Halls, Friday evening of last week.

The main business of the evening was the election of officers for the year 1937. Jenny Conley, Alan H. Nichols Auxiliary No. 69, Palo Alto, was elected president of the Council and Mrs. Coxon, Lieut., Lawrence Brunton Auxiliary No. 2421, Mountain View, senior vice president; Josephine Walsh of Alan H. Nichols Auxiliary No. 69, Palo Alto, was chosen junior vice president and Ruth Bruley, Old Glory No. 2044, Daly City, as treasurer.

The meeting was concluded by the "Silent Pal" Xmas party, at which each learned the name of her "Silent Pal" for the past year. The women then joined the comrades of the Posts Council for refreshments.

Another memento was added to the Old Glory collection in the form of a citation received by the drill team from the San Francisco citizens committee for their co-operation at the celebration of the completion of the San Francisco-Oakland bay bridge.

Only a few of the 150 cards of inquiry in regard to the Xmas party have been returned. Not wishing to disappoint any child when Old Santa calls at the party with his bag of gifts for the children, we earnestly urge you to contact Comrade Bruley at once.

The boys and girls of the Old Glory Corps and Unit are working hard to make this Xmas party an enjoyable one.

Busy though they are with preperations for the holiday, the ladies of the Auxiliary took Monday afternoon off to spread Xmas cheer among our less fortunate comrades at Fort Miley Hospital. The party was well attended and the gifts greatly appreciated.

The Xmas season, with its merriment, is upon us and we cannot think of a more appropriate opportunity to satisfy the age old desire to spend a few happy hours with our friends than at the pre-Xmas dance tomorrow night in the Eagles Hall. The Old Glory members hope to greet you there and personally wish you a merry Christmas.

You can help yourself and your home newspaper by patronizing your home merchants.

Druids Follow Business Meeting With Xmas Fete

The regular meeting of Hillcrest Circle No. 143, Ancient Order of Druids, was held, Monday evening of this week, at Masonic Hall.

A number of candidates were initiated. The drill team in white formals, under the direction of their captain, Catherine Foreman, exemplified the work of the order.

Following the business meeting a Christmas party was enjoyed in the banquet hall.

Mrs. Agnes Prescott as Santa Claus, in a sleigh drawn by reindeer, impersonated by Miss Lillian Prescott and Mrs. Florence Thorson, caused much merriment. Santa distributed lolly pops and Christmas gifts to those present.

Mystery Death At Brisbane Probed

The death near Brisbane November 29 of James Bletcher, 21, San Mateo carpenter's apprentice, is far from being a closed case, it was revealed, Wednesday of this week, despite the fact that a coroner's jury attributed it to "an accident."

Several "peculiar circumstances" surrounding Bletcher's death from shotgun wounds are being investigated by Deputy Sheriff Tom Maloney.

Bletcher's body was found lying face down on an antiquated shotgun just inside a cow pasture a half mile from Bayshore boulevard.

Maloney at the time expressed the belief Bletcher was a suicide victim, but said no motive could be found; that it was not known where he secured the weapon; that it was not known how he came from his parents 'home in San Francisco to the death scene.

county line to Colma. It is alleged that the state defaulted on a verbal agreement to finish the curbs to a uniform line after Mission street widening was completed.

Daly City can at present obtain only a concession from the state to construct new curbs providing the city tears out the old ones. Mayor Selmi volunteered to carry the matter to the California League of Municiplaities for advisement.

FIREMAN APPOINTED

George Ford was appointed to the Daly City Volunteer Fire Department, Company No. 3, to fill a vacancy which existed there since the death of Charles F. Jacchi.

STREET WORK

The council received a request to improve Frankfort street near Oliver. Councilman Fahey recommended that the street be graded with rented county equipment and oiled, providing property owners in that neighborhood agreed to pay their pro rata.

Eaton and Smith requested the board to accept the paving job on Citris avenue and the dead end streets between Citris and high school property. Certificate of completion had been received from George A. Kneese, city engineer, it was said.

FEDERAL GOVERNMENT ACTS IN A WISE WAY

By J. W. MARCHBANK
Pioneer in Frontier Mining Work

The cash income of the nation's farmers for this year was something more than 11 per cent greater than that of last year. Dr. A. G. Babcock, chief of the Bureau of Agricultural Economics, in an exhaustive report on the nation's agriculture, states the increase this year makes the fourth consecutive advance since the low point of 1932. The income for this year is estimated at 7850 million dollars.

We all know that agriculture and mining are the basic industries of the country and that they must prosper or the bottom falls out of our civilization.

Doctor Black points out the necessity of measures by the federal government for the security and stability of farm income. This year, for example, the drought reduced to almost zero the limited resources of many farmers. The situation called for assistance from Uncle Sam, which was immediately forthcoming.

* * *

The troubles of the farmer are not over and for some time he will need aid. Doctor Black pertinently says:

"It is essential the outlook for agriculture be not judged in terms of a single year, since there are fundamental weaknesses in the position of agriculture that will require vigilance and action."

* * *

Attorney General Homer S. Cummings, a highly conservative man, recently told lawyers gathered at a meeting of the Bar Association of the District of Columbia that regulation of agriculture and industries in general could no longer be left to the states and that they are proper fields for exercise of the powers of the federal government.

He said:

"If we were a little less concerned with the technicalities which have served so well in many a strategic contest and a little more given to a broader view of that movement of society which seeks to stake out a more advanced frontier of justice we would be beetter citizens, better patriots, aye, and better lawyers.

"It is idle to assure the people of the country that agriculture is a state matter or a question for the farmers alone. They know that nature has decreed it otherwise. The winds and the dust and the drought do not heed state lines. They have unmistakable jurisdictions of their own.

"Likewise it is useless to assert that unemployment is merely a state or local affair. It has arisen to the dignity of a national problem of the first order.

"We have an enormous accumulation of capital and, fortunately, we are coming to have a more enlightened view as the trusteeship involved in the control and ownership of property.

"Power must not be employed to destroy the human beings it should serve. An evolutionary process is going forward. It is idle to stand in its way or to proclaim it does not exist."

* * *

As I have been emphasizing a long time, there must be a bit of unselfishness in our efforts these modern days in order to handle the vexing problems of a machine age.

The attorney general was on the right track when he declared that lawyers and business men must cooperate with the federal government in achieving the aim of solving social and economic problems, which, he said had been solved in countries of the Old World by the absorption of private industry by the government.

What we have before us is to work out a system under which both private initiative and governmental control will be encouraged. Let's not turn over everything to the government, but let's allow Uncle Sam to extend a helping hand.

D. C. Baby Clinic Has Moved Location

The Daly City well baby clinic has recently moved its location from the theater building to 3298 San Jose avenue, corner of Flournoy street.

Sponsored by the American Red Cross and housed through the courtesy of a local public spirited citizen the well baby clinic has but one objective—helping and advising mothers to rear healthy children.

The clinic is open the first and third Wednesday mornings of each month. Local mothers are invited to bring their babies for regular examination. No charge is made for consultation with Dr. Hildegard Henderson, Red Cross representative. Doctor Henderson is assisted by Mrs. Mazie Boyle, Mrs. Eva Page and Mrs. Marge Woodside, who donate their services to the clinic.

"An ounce of prevention is worth a pound of cure. Better to have well babies kept well than to have sickness come unexpectedly," the clinic advises. "We offer to help mothers keep their children well."

District PTA Holds Half Day Meeting

San Mateo County Parent Teacher Association members, friends and other interested persons will be present at Burlingame High School Auditorium today for the regular monthly meeting of Seventeenth District, with Mrs. Elmer L. Miller, Burlingame, presiding. Following the usual procedure of having a half day meeting in December, the session will be called to order at 10:30 a. m. and will close at 1 p. m.

Christmas will be stressed throughout the program, under the direction of Mrs. B. D. Ralston, Woodside. Mrs. Frederick C. Lee, music director, will lead the district chorus of mothers in a musicale, processional and community singing of Christmas carols. Mrs. L. D. Wise of San Carlos is president of the group of mother singers.

Frank Simmen, mayor of San Mateo, will speak on the proposed new recreational project at Coyote Point. Mrs. William J. Hayes, Burlingame, past president of the California Congress of Parents and Teachers, will outline "Our Responsibilities to the Exceptional Child." A spiritual Christmas message will be delivered by Mrs. W. A. Fuhr, San Mateo, character education chairman.

BOARD MEETING

Seventeenth District executive board convened, Monday afternoon of this week, in the Burlingame Library. Mrs. O. D. Pauw and Mrs. L. B. Thomey of Daly City, Mrs. Floyd E. Huff of Millbrae, Mrs. Edward Flynn of San Bruno, Mrs. F. R. Dufford of Bayshore City and Mrs. Ethel Jonas of Brisbane attended from the northern part of the county.

PTA Hears About Safety Driving

"The driving of an automobile is not a right, but a privilege. We have been far too liberal in granting this privilege in the past," stated E. F. Moore of the California Automobile Association as he addressed the joint assembly of students of Jefferson Union High School and the Parent Teachers Unit, Wednesday afternoon.

"We have got to continue to promote a kindlier feeling among motorists. The time is coming when drivers will have to prove their willingness to do this before obtaining a driver's card. We must consider the fact that 37,000 people are killed annually in this country, more than a million person are injured by automobile accidents, and there is a total loss of $1,000,000 entailed," he said.

Mr. Moore emphasized the fact that man has been a creature of slow motion for centuries and that men are not mentally or physically able to cope with the great speed of the modern automobile. He urged the education of young drivers as to what constitutes a safe speed.

During the P. T. A. program in the Little Theater the arts were discussed by members of the high school faculty. An excellent exhibit of tooled leather, metal work and pottery attracted much attention.

Durant Moseley, teacher of industrial arts, explained what his groups were doing in this field. Parents were especially interested, as the courses were offered for the first time this year.

Effie Potter, art teacher, gave a most enlightening outline of the history of pottery.

Thomas Stevens, director of music, spoke informally on this important art.

Robert Dalyrmple played a trombone solo. He was accompanied by Margaret Grierson.

Week End Concerts End '36 Program

Two week end concerts, Sunday afternoon and Monday evening, conclude the 1936 activities of San Francisco's Federal Music Project.

Sunday afternoon at 2:30 p. m. the FMP chorus, orchestra and six soloists directed by Giulio Silva will present an all-Bach program at the Columbia Theater: Parts I and II of the "Christmas Oratorio" and excerpts from the "Magnificat." Soloists will be Anna Nettlemann, Lucy Day, Nona Campbell, Anne Meyer, Robley Lawson and Andrew Robertson.

Kiddies Dance

Friday of last week, the dancing Kiddies of Miss Rose entertained at the Greater Excelsior Improvement Club Christmas tree party. Each child received a gift after the entertainment.

Refreshments were served.

EXPERIENCED HOUSEWIFE CLUB

(By Maude Larue Ives)

The following meatless dish was brought in by Miss Mary Lewis of 159 Santa Barbara avenue and could be used for school luncheons.

SPINACH

Wash thoroughly spinach by lifting same out of water instead of pouring the water off of the vegetable. The sand is heavy and sinks to the bottom of the container as the leaves are taken out. Cook spinach in salt water until tender. Put through collander. In a frying pan melt two tablespoons fat and in it brown one minced onion, then add one tablespoon of flour and brown, add one-half cup bullion and to this mixture lastly add the spinach. Serve with chopped hard boiled eggs on top.

Mrs. Winnie Frizelle, 423 Winchester street, sent in the following suggestions:

To boil potatoes with the jackets on, a tea kettle is convenient. The steam comes out of the spout of the kettle and the water never boils over, the potatoes are easily drained without danger of the housewife being burned and the lid can be easily tipped to allow the vegetables to cool before using in salad or creamed potatoes.

To shell peas quickly, run them through a wringer. Pour boiling water over the peas, however, before beginning this process. The pods pass between the roller while the peas are shelled and are not caught by the rollers.

RAISIN COOKIES

(From The Farmer's Wife)

Two cups sugar, one cup shortening, two beaten eggs, four tablespoons sour milk, two cups chopped raisins (preferably run through a meat grinder), one teaspoon each cinnamon, cloves and nutmeg, one teaspoon soda, dissolved in the sour milk. Flour to roll out the same as other cookies. Nice for Christmas cookies, as they will remain fresh two or three weeks.

Lesson Sermon Of Christian Science

"Is the Universe, Including Man, Evolved by Atomic Force?" will be the subject of the Lesson-Sermon Sunday, December 20, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The Golden Text will be: "Thou Lord, in the beginning hast laid the foundation of the earth; and the heavens are the works of thine hands" (Heb. 1: 10). Other Bible citations will include: "Thus saith the Lord, The heaven is my throne, and the earth is my footstool: where is the house that ye build unto me? and where is the place of my rest? For all those things hath mine hand made, and all those things have been, saith the Lord": (Isaiah 66: 1, 2 to :).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We cannot fathom the nature and quality of God's creation by diving into the shallows of mortal belief. We must reverse our feeble flutterings—our efforts to find life and truth in matter—and rise above the testimony of the material senses, above the mortal to the immortal idea of God" (p. 262).

Bayshore To Give Christmas Party

The town of Bayshore through the City Fathers will play host to its residents at the annual Christmas Tree and Birthday Party to be held Saturday evening of this week.

The council inaugurated this fete for the first time last year. It proved to be such a success that proposals were made to set the Christmas party up as an annual affair.

All clubs and organizations of the town were asked for one representative to act on the committee. This committee is headed by Mayor Jack Lawson and Al Taylor and includes the following persons: Thelma Little, Harry Wright, Mickey Williams, Clifford Richards, Irene Mardecich, Andy Chincholle, Jessie Ford, Sue Byrnes and Emma Taylor.

A fine program of entertainment with professional and local talent has been arranged. There will be gifts and candy distributed to the children by Santa Claus, who closely resembles Chief of Police Fred Williams, and candy and ice cream for everyone. Dancing will follow the program and will continue until morning for the adults. Mayor Lawson will cut a huge cake commemorating the town's fourth birthday.

LANDMARK SOLD

The Cliff House, for many years a famous spot of hospitality at the beach in San Francisco, changed hands this week.

The new owners, George and Lee Whitney, announced the work of remodeling will begin at once.

Bayshore PTA Holds Panel Discussion

A panel discussion conducted by Clive Saiz and Mrs. M. Jensen of Jefferson Union High School was the high light of the regular monthly meeting of the Bayshore P. T. A., Friday afternoon of last week. The discussion, in which the members took part, covered current school needs, vocational guidance and individual problems.

Mrs. White and Mrs. Bethune, teachers of the lower grades, presented Christmas plays.

Mrs. Chris Jeppsen was elected to act as delegate to the district meeting and will attend with President Dufford. Mrs. Byrnes announced her study circle, to be held on January 6 at her home.

Success of the membership drive conducted in December by Mrs. Percival was indicated by the large number of new members introduced.

The unit will hold the annual Christmas treat and party for the children today at the school house. At that time Miss Taylor and Mrs. Plumb, teachers of the upper grades, will present their programs. All parents are invited to be present.

The unit is also taking part in the Christmas party sponsored by Bayshore and has chosen as its representative on the comittee, Mrs. Thelma Little.

ORDER TO SHOW CAUSE WHY PACIFIC SEABOARD AIR LINES, INCORPORATED, A CORPORATION, SHOULD NOT BE DECLARED DULY WOUND UP AND DISSOLVED

No. 26280—Dept. No. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of PACIFIC SEABOARD AIR LINES, a corporation, In Process of Winding Up and Dissolution.

Upon reading the verified petition made in the name of Pacific Seaboard Air Lines, Incorporated, a California corporation, by its directors for an order to show cause why an order should not be made declaring said corporation to be wound up and dissolved ,and good cause appearing therefor,

IT IS HEREBY ORDERED that any persons claiming to be interested in said corporation as shareholders, creditors or otherwise, appear before this Court at any time before the expiration of thirty days from the completion of publication of this order, as hereinafter specified, to show cause, if any they have, why this Court should not make and enter an order declaring said corporation to be duly wound up and its known assets distributed, declaring any tax or penalty due under the Bank and Corporation Franchise Tax Act and its other known debts and liabilities paid or adequately provided for, settling the accounts of its directors and discharging its directors from their duties and liabilities to its creditors or shareholders and declaring said corporation to be dissolved, and making such other order and granting such other relief as this Court may deem meet and proper in the premises.

IT IS FURTHER ORDERED that this order be served by publication of a copy thereof in the "Daly City Record," a newspaper of general circulation in San Mateo County, where the principal office of said corporation is located, once a week for a period of two consecutive months, the first publication to be on Friday, October 30th, 1936.

IT IS FURTHER ORDERED that the petition on file herein be, and the same is hereby set for hearing on Monday, the 8th day of February, 1937, at the hour of 10 o'clock a. m. of said day, in the Court Room of this Court, Department No. 2, in the Courthouse at Redwood City, California.

Dated this 23rd day of October, 1936.

A. R. COTTON,
Judge of the Superior Court.

SUMMONS

No. 26055

In the Superior Court of the State of California, in and for the County of San Mateo.

Christopher Henry Michaels, Plaintiff, vs. Margarite Ruiz Michaels, Defendant.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

The People of the State of California send greetings to Margarite Ruiz Michaels, defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said county, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 5th day of September, A. D. 1936.

Similarity of Action For The Restoration Of Monetary Status Would More Closely Bind Americas

The following from the pen of Sidney Norman, mining editor of the Vancouver Sun, is worthy of perusal:

Up till the end of the week ending November 6, and Since December 21, 1933, United States has purchased 110,908,481 ounces of newly-mined domestic silver, receipts at the mint for the last week of that period being 2,004,740 ounces.

That is an average of approximately 37,000,000 ounces a year, or over 3,000,000 a month.

This year production of domestic silver for the first nine months has been 44,725,000 ounces, an approximate rate of close to 60,000,000 ounces for the full year, or 5,000,000 ounces a month.

Canada, up till the end of September, had produced 13,659,000 ounces this year, indicating a total of around 18,000,000 for the full year, a considerable gain over any previous period.

Mexico is producing at the rate of about 7,000,000 ounces a month, or 84,000,000 ounces for the full year, while Peru is also stepping up and is now producing at the rate of 1,500,000 ounces a month, or 18,000,000 ounces for the full year.

WHAT ARE U. S. PLANS

The immense amount of silver metal now in the hands of the United States treasury, and increasing under the Silver Purchase Act at the rate of 5,000,000 ounces a month, raises conjecture as to what disposition the nation intends to make of it.

Certainly it can be of no economic value while lying inert in government vaults, however much benefit might have been derived by the nation from distribution of the sums involved and consequent removal of many from relief rolls and return of many to comparative prosperity who might soon have been on public relief.

It is inconceivable that the treasury department of any great nation would have in mind the accumulation of this vast store without something very definite in mind as to its eventual use.

Whatever may be the attitude of European nations toward the metal and the desirability of restoring it to monetary status on some parity with gold, we most surely believe a receptive field awaits cultivation in South America and Mexico.

NORTH-SOUTH ALLIANCE

The possibility has already been suggested in these columns of this matter being taken up by the forthcoming Pan-American Conference at Buenos Aires by President Roosevelt himself and we still believe that in such direction lies the quickest and simplest solution of the whole problem.

An arrangement by which silver would be restored to some fair parity with gold for use of the southern nations in trade with United States seems entirely possible and feasible.

If such an arrangement could be brought about and, as we have said before, it may already be in the minds of the members of the administration, there is not the slightest question but that United States would take a long step toward strengthening trade ties with South America, perhaps to the almost total exclusion of European nations.

And, it is equally possible that when and if such an arrangement has been brought about, Europe will then be forced to scramble for the crumbs from one of the Dives' tables of world trade.

MAKE SILVER LOANS

With immense stores of silver on hand in treasury vaults and more piling up each week, United States could then well afford to negotiate silver loans with South American nations, provided they agreed to protect currencies with such adequate metallic backing as might be found mutually satisfactory.

In exchange for such loans the United States could afford to hold national currencies as collateral and, although in some cases, risk might be entailed, the general result would be far more advantageous to the nation than piles of inert wealth hermetically sealed from sight.

The writer has today addressed a letter to Henry Morgenthau Jr., Secretary of the United States Treasury, upon this subject, suggesting that it be passed on to President Roosevelt in complicance with his oft-repeated request that suggestions of the kind be brought to him direct.

The answer to that letter, which will doubtless be forthcoming in a few days, will be passed on to readers of The Vancouver Sun.

CANADA'S STAND TOO BAD

Perhaps something containing the germs of progress for silver has been evolved. At least, no harm can be done.

The only regret the writer has is that Canada has not folowed United States in its attitude toward the white metal. Call it bonus to producers, or whatever else one cares to name it, the fact remains that some sustenance handed to producers would have cost no more than the huge sums spent in deserted mining camps on relief, and possibly not as much.

And at the worst, it would have done nothing to destroy the individualism and morale of as fine a people as any nation ever boasted.

COMPLETING THE JOB

The good mechanic does not rest content with having tightened the lug nuts with the car jacked up after having changed a tire.

With the jack removed he goes around the wheel once more and usually manages to take at least a fractional turn on every nut before re-attaching the hub cap. It is a trick that you might bear in mind the next time it falls to your lot to do this job.

"It Never Fails" Is Sermon Topic

Grace Presbyterian Church is putting on a full program this Christmas season. The children's entertainment will be held Friday, December 18.

The sermon for Sunday morning will be, "It Never Fails." On Sunday evening Mr. Jack Karman will speak on "Howard Street Missionaries."

A splendid evening was enjoyed by the young people of the church when a number went for a moonlight hike to Mussel Rocks on Tuesday. In spite of the previous rains the night was beautiful and all reported a fine time. Refreshments were served under the shadow of the great Mussel Rocks.

EARTHQUAKE ON ISLAND

A severe temblor was reported to have shaken the Island of Luzon, in the Philippine group, Tuesday of this week.

It is stated that no damage was apparent in other parts of the archipelago.

Graduation Plans Made By W. W. PTA

At the regular Woodrow Wilson P. T. A. meeting held Wednesday of this week, R. L. Crane, district superintendent, outlined plans for the grammar school graduation to be held in January.

Mrs. K. Foreman was appointed chairman of the graduation party planned for students Friday of the week before they enter high school.

A committee headed by Mrs. Pearl Jones Jr., past president, was appointed to purchase Christmas presents for school children who are confined in hospitals.

Members donated supplies and money, which will be used to make up two Christmas baskets for needy families. Mrs. K. Foreman and Mrs. M. Linden were appointed delegates to the December district P. T. A. meeting.

SHOCK KILLS DRIVER

An elderly man dropped dead in Los Angeles, this week, after his car had struck a woman pedestrian.

The driver, E. W. Van Gundy, was so unnerved at sight of his victim that he collapsed after stepping from his auto.

Brevities

We could probably get some big things done in this county if all the geniuses were not tied down to unimportant jobs.

Benjamin Franklin's "Poor Richard's Almanac" said: "Where there's marriage without love, there will be love without marriage."

Most Communists are that way because their schemes for quick and easy ways of becoming capitalists haven't produced.

Anyway, after you get used to seeing your wife in her new winter hat you soon forget how funny she looks.

Native Daughters Give Xmas Party

El Carmelo Parlor No. 181, Native daughters, sponsored a Christmas party for children, Wednesday evening of this week, at the Masonic Hall.

A program was presented in which children of members participated. Santa Claus came down the chimney and distributed gifts and candy to the children. A large, well decorated tree lent Christmas atmosphere to the party.

Refreshments were served by a committee headed by Mrs. Anita Toepfer, president of El Carmelo Parlor.

Local Man Injured

Struck by a runaway truck loaded with lumber, James L. Davis of Winchester street suffered a broken leg and lacerations, Wednesday afternoon of this week.

He was treated at Central Emergency Hospital, then transferred to Mt. Zion.

Home Folks Meet At Family Reunion

Mr. and Mrs. Fritz Hanson and daughter Elaine and sons Albert and Melvin, Mr. and Mrs. Herman Hanson of San Diego avenue, Mr. and Mrs. Ben Hanson and sons Manfred and Einar of Los Banos avenue, Miss Mildred Swan of Peoria street and Miss Margaret Grewes were among the 48 guests who attended a family reunion of the Hanson family and sixtieth birthday celebration of Mr. Hanson's sister, Mrs. Jennie Olson, Sunday, at the Olson home in Oakland.

This was the first time in 42 years the four brothers and three sisters, with their families, had gotten together, the last time being at their home in Sweden.

At 5 o'clock a turkey dinner was served, after which dancing and singing were enjoyed.

Colma News Notes

The regular meeting of Cypress Circle No. 14, U. A. O. D., will be held, Wednesday evening of next week, at Colombo Hall. Following the session a whist party will be given. The public is cordially invited to attend.

Mrs. M. P. Brown entertained a number of friends, Saturday evening of last week, at a dinner party at her home on Washington street. Among those present was Mrs. Charles Stewart of San Francisco, whose Colma friends will be glad to know that she is much improved in health.

A large number of guests enjoyed the monthly whist party, Friday evening of last week, of the Colma Volunteer Fire Department which was held at Jefferson Hall on San Pedro road.

About 300 Colma school children will put thoughts of studies aside, Friday afternoon of this week, to enjoy two full weeks of Christmas holidays.

Misses Helen and Jean Champi entertained a number of Colma friends, Sunday of this week, at their home in Vallemar.

Merle Ball of Morris Beach has been confined to the Junipero Serra Hospital since Monday of this week suffering from a severe attack of the flu.

Lewis Rossi of Hanover street, a carpenter at the Sneeth Lane Ranch, received painful burns about the head and arms, Wednesday of this week, when he fell while carrying a bucket of hot tar. The man was taken to the Junipero Serra Hospital for treatment and later returned to his home.

Frank Sechlbetter of Colma is recovering from an injury incurred some weeks ago when he ran a splinter into his hand. The splinter was removed by Dr. L. A. Drees at the Junipero Serra Hospital, Wednesday of last week.

Mr. and Mrs. R. Petrocchi were guests, Wednesday evening of this week, at the home of Mr. and Mrs. A. Blumenthal in San Francisco.

Miss Alvina Jost, accompanied by a group of friends, enjoyed an early morning horse back ride and breakfast, Sunday morning of this week, at the Mission Riding Stables on Hillside boulevard.

Mrs. Verna Remmer was confined to her home on Werner avenue, several days of last week, with a severe cold.

M. G. F. Social Club Holds Meet

The newly organized MGF Social Club of Colma held a meeting, Wednesday evening of last week, at the Club Hall on Hillside boulevard.

Officers elected for the coming season were: Leno Rosaia, president, who succeeded Past President James J. Grondona; Edward Martinelli, secretary; Esio J. Rosaia, treasurer; Dave Boicelli, sergeant at arms, who succeeded Past Sergeant at Arms George Rosaia.

Other members include Ernest Rosaia, Guido Lazzari, Arthur Rosaia, Richard Pellicci, Orlando Poletti, Vincent Vanni, Nicholas Perata and mascots Leland Grondona and Eddie Martinelli Jr.

Following the meeting members enjoyed a barbecue which was unanimously declared the best one in a long time.

Bridge Collision Causes Injuries

Leonard Balsand, 26, of San Francisco, was treated at the Villa Sanatorium, last Saturday, for injuries sustained when his machine tangled with a bridge near Salada Beach about noon that day.

The youth was riding his motorcycle when he collided with the bridge structure, and the machine catapulted into the creek beneath the bridge, pinning the rider under the vehicle.

The victim suffered a broken leg and numerous cuts and abrasions.

Distribute Weight

Evenly distributed weight in the car is important, it is said. If a driver weighs about 150 pounds and his one passenger occupies the left rear seat, their combined weight is approximately 300 pounds.

This uneven distribution of weight affects the springs on the left side of the car. It also increases swaying on curves at high speed. By distributing the load evenly the car becomes easier to control and there is less danger of breaking a spring.

Leland Balcomb of Ord street, San Francisco, was taken to the Villa Sanatorium, Saturday of last week, suffering from a broken leg. The boy was thrown from his bicycle near Sharp Park when he attempted to avoid hitting a stray dog.

Miss Enes Sambuceti of Brunswick street received a broken wrist, Wednesday of this week, while running along Evergreen avenue. The young lady was taken to the Villa Sanatorium by Thomas Fitzgerald of Brunswick street and had the injured member placed in a plaster cast.

Mrs. Mabel Smith of Price street was taken to the Villa Sanatorium, Friday of last week, after she had suffered a bad fall. X-rays taken to reveal possible broken ribs not only revealed that fact, but also a large safety pin which was in evidence in the upper digestive tract. Subsequent x-rays taken showed the pin to be moving quite harmlessly along.

Jefferson Loses To S. M. In Basketball

Jefferson High was defeated by San Mateo in basketball last Thursday.

The 130's lost 21 to 9 and the varsity lost 38 to 8. The varsity showed much improvement over the last game they played. The 130's played a bad ball game and were outplayed all through the game by San Mateo.

The opening lineup for the 130's was Vanini and Denning at guard, Murray and Kantor at forward and Doyle at center. The lineup for the second half was Vanini and Girdler at guard, Murray and Kantor at forward and Corrigan at center.

Tax Exemption On Sales Recommended

At a recent meeting of the Western San Mateo Progressive Association Fred W. Roth introduced a resolution supporting a bill at the coming session of the Legislature which proposes to exempt all ship building material from sales tax.

Roth said he believed such a measure would be beneficial to the entire state of California inasmuch as it would tend to bring new capital into the state and invite federal ship building projects here. Such construction would employ upwards of 5000 persons.

During his talk, Roth asked that the club seek the co-operation of Congressman John J. McGrath in attempting to pass the bill. Paul Schiebley volunteered to carry the message to San Francisco and seek support in executive quarters there.

Let There Be Light

Safety in night driving demands good headlights. This means they must be strong enough but not glaring, and they must be properly focused.

The vibration of your car easily changes the tilt and focal adjustment of your lights and may loosen the lamps. Test your lights frequently. Turn them on at night and walk down the road 50 or 75 feet. Turn around and look at your lights, then ask yourself, frankly, how you would like to meet them on the highway. If they glare, if one is stronger than the other, or if they are too dim to adequately light the roadway, something is wrong. Always carry a "spare" bulb.

TOO WELL DONE

Smith—I don't see why you dislake Jones so much. He has done many good things.

Brown—That's just it. I am one of them.

Four More Police Assigned To '101'

Four new traffic officers will be augmented to the peninsula highway patrol soon, it was announced by State Senator Parkman early this week.

It has been pointed out that a total of 66 deaths on the peninsula so far this year indicates a definite need for an increased patrol and adequate lighting facilities on Bayshore highway.

San Mateo County now has eighteen officers, including Captain Perussina, and, the bureau clerk Hilda McGovern. Four new appointees will bring the number to 22.

HAZARDS

A death trap of high speed, some fog, heavy travel and darkness has claimed an average of four lives per month on Bayshore highway this year.

Sodium vapor (amber) lights are proposed for Bayshore in an attempt to cut down the death toll.

SIGN PEACE SEEN

Senator Parkman disclosed that he is working on a solution to the dispute arising over the posting of 101 highway signs on Bayshore and marking El Camino Real as "alternate."

To ear mark El Camino Real "101 West" and Bayshore "101 East" is a possible solution, the senator stated.

Muffler Wear

Mufflers on a car wear out as a result of extreme changes of temperature, corrosion and other causes.

For this reason it is important that the muffler should be inspected regularly and replaced at once if found to be defective.

TRAFFIC SAFETY FOR PEDESTRIANS

Citing a record of more than 16,000 pedestrians killed in traffic accidents in the United States last year, the Public Safety Department of the California State Automobile Association has stressed the importance of alertness and observance of law on the part of those who walk in traffic. The reminder is timely, in view of the fact that more pedestrians are involved in accidents in December than any other month of the year.

Heavy street traffic and pedestrian movement during the holiday season, coupled with frequently bad weather conditions, make it imperative to walk with caution. Suggested rules of safety for pedestrians were offered as follows:

Look both ways before crossing a street and cross at corners only. Stay inside of pedestrian lanes. Avoid jaywalking, or crossing in the middle of the block.

At traffic controlled crossings, cross on the "Go" signal only. Do not stand in the street while waiting for the signal to turn, but remain on the sidewalk.

While crossing, watch the movements of others on foot as well as vehicles that may be turning a corner. Make a prompt, continuous crossing and do not loiter.

In rainy weather keep head up and vision unobstructed. Do not bury head under umbrella or eyes under pulled-down hat. Make allowance for greater stopping distance required by vehicles on wet pavements.

Where there are no signals, do not step off the curb without first making sure that no vehicles are dangerously near.

Do not step off the sidewalk between parked cars.

On country roads, walk facing traffic as required by law and at night wear or display something white to help motorists note your presence.

Jefferson Students Attend Plays

On Wednesday, December 9, a group of Jeffersonians went to Mission High School, where the dramatics class of Mission presented an interesting play, "The Torch Bearers." This play is the one from which Will Rogers' "Doubting Thomas" was taken. Mr. Hoppe accompanied the group, and all had an enjoyable evening.

The Wayfarers, a little theater group, produced "The Bishop's Wife" on Saturday evening, December 12. This play was enjoyed by a small party including Messrs. Saiz, Hoppe, Stenhouse, and David Gaggero, Robert Funge, Melvin Hansen, Russell Antracoli and Oliver Granucci.

Harmonica Program Presented At Jeff

Mr. James Hartley of New York City was the guest of Tuesday's assembly program at Jefferson Union High School. He gave a very interesting and instructive talk on the playing of the harmonica and particularly emphasized the fact that only one tone should be played on each note. "It takes a good player to be able to play softly," he said. These were especially valuable bits of information to those students who play this instrument.

Everyone thoroughly enjoyed Mr. Hartley's clever imitation of the train.

Miss Lotta Works, county supervisor of music, introduced the entertainer.

IN CITY AND COUNTY TAXES

Pacific Gas and Electric Company again is the largest taxpayer in California. Local taxes levied upon our properties for the fiscal year 1936-37 amount to the grand total of $7,318,000.

We have just finished paying our first installment with checks to cities, counties and districts, aggregating $4,980,000.

The Company not only is the largest taxpayer in the State—it is the largest taxpayer in each of 25 counties. Every county, every incorporated city and town, every school and other district in which we operate, shares in the large amount of taxes we pay.

Our tax bills range from the $1,549,418.39 paid to the City and County of San Francisco to only $9.55 paid to the town of Biggs in Butte County. Biggs operates its own electric distribution system and therefore receives no taxes from that property.

In addition to paying $7,318,000 in local taxes, the Company pays a State corporate franchise tax of $445,742. It also pays Federal taxes—taxes on electricity, taxes for social security, income taxes and other levies. All these will raise the Company's total tax bill for 1937 to approximately $14,000,000—more than 14 per cent of the Company's entire annual income.

Tax Payments in SAN MATEO COUNTY

Tax levies upon Company property in San Mateo County for the fiscal year 1936-37 are as follows:

facilities that will aid them back to health and out of all danger of tuberculosis.

"While the Preventorium is conducted without any managerial or administrative costs, the upkeep of the organization and its inmates costs $1000 monthly.

"Unfortunately, so many persons believe that because wealthy residents of the county contribute money to the institution's upkeep its maintenance is practically assured.

"This is not the case. We are as dependent on the one dollar contributions as we are on the $100 donations.

"Peninsulans should realize that the Preventorium is their institution and their contribution toward lessening the suffering of the unfortunate."

Mrs. Dana said contributions will be accepted even after January 1.

Adult Education Classes Continue

After the Christmas holidays, Jefferson Union High School will continue to offer evening classes in Americanization, stenography and typing, for adults.

The new term begins January 5, and classes will meet every Tuesday and Thursday evening thereafter from 7 to 9 o'clock.

Instructors were at the high school for consultation at the regular evening sessions December 15 and 17. Those interested should avail themselves of this opportunity offered by the adult education program.

Going To Alaska

Elwin Smith of Crocker avenue and Harry Deller will leave, Sunday, for Oregon. They will spend Christmas with Elwin's aunt, Mrs. C. Stitt at La Grande.

After Christmas the boys will board a steamer for Alaska, where they contemplate spending several months.

ments for a Christmas party in the women's ward at the Palo Alto Veterans Hospital. This party will be held December 22 in Ward 7 at 1:30 in conjunction with Burlingame Unit's regular monthly program. The party will present each patient with a gift and candy.

Mrs. Catherine Foreman, business manager for the drill team, invited all members of the Auxiliary to be present at a dance which the drill team sponsors each fifth Wednesday of the month, at the Veterans Hospital at Palo Alto. The next dance will be Wednesday, December 30. The drill team received a citation for their participation in the bay bridge celebration.

President Marcie Trier requested all presidents of Units to make sure all chairmen make reports to district chairmen before the new year, so that full reports may be given at the next regular meeting, which will be held in San Bruno.

Units represented at the meeting were Daly City, San Bruno, Burlingame, San Mateo, Redwood City and Menlo Park.

At the conclusion of the business meeting a social hour was enjoyed with refreshments being served by the hostess unit, Menlo Park.

Young Man Dies At Home Of Parents

Funeral services were conducted from the mortuary chapel of W. C. Lasswell & Co., Monday afternoon of this week at 2:30 o'clock, for Clyde L. Adams, 15 year old son of Clyde and Ethel Adams of Peoria street, who passed away at his home last Saturday following a brief illness.

The youth leaves his devoted parents; a brother George W., and his sister, Virginia E. Adams, to mourn his untimely passing.

Move To Expand San Mateo Junior College District

tunity to build and direct a college institution which may develop and wield a tremendous influence in educational trends on the peninsula.

"The singular disadvantages of any merit which has been pointed out is a possbile slight tax increase. Considering the fact that San Mateo County now pays $63 per year for every student who attends the junior college and does not live in the San Mateo district, the possibility of an immediate tax increase is small," officials reported.

If the county undertakes a building program—one is already proposed—tax increases will result. Funds raised by such assessments will be used to build an adequate plant to house the county educational institution.

Jefferson Library Christmas Display

During the Christmas season the high school library is featuring a Christmas display of plays, carols and poems for the enjoyment of the students. Likewise, magazines showing pictures of how Christmas is celebrated in other countries are shown.

Genevieve DeMarc and Dale Hilts, student librarians, have devoted one week of their time to working out the colorful bindings of each section in the display, under the able guidance of Miss Gibbins.

The announcement posters were made by members of Miss Potter's art class.
